

SMS Terms and Conditions

Effective: April 5, 2016

These SMS Terms and Conditions sets forth more detail regarding Yiftee Merchants communicating with you via text message regarding Vouchers and certain other products and services that they offer. Remember that your use of Yiftee's Services is at all times subject to the [Terms of Use](#), which incorporates these SMS Terms and Conditions. Any terms we use in these Terms and Conditions without defining them have the definitions given to them in the [Terms of Use](#).

If you opt into receiving marketing text messages from a Yiftee Merchant, by following the directions with respect to each such Merchant (for example, by texting a particular word seen in an advertisement to the number provided by such Merchant), you understand you will receive marketing text messages from such Merchant, which may include gifts, coupons, event notifications, product information or other promotional content. Once you opt in, you will have an opportunity to confirm your interest in receiving these messages via a reply to an initial text message you receive. Your consent is not a condition to purchase goods or services from Yiftee. Opting in to receive messages from one merchant does not automatically opt you in to receive messages from other merchants. **You understand and agree that though the Merchant uses the Yiftee Services to send you these text messages, and that they may relate to the Vouchers or other Yiftee Services, these messages are sent by the Merchant, and not by Yiftee.** Yiftee may also contact you via the phone number you provide, as described in the [Privacy Policy](#). As described in the Terms of Use, any dispute you may have with the Merchant is between you and the Merchant, and you release Yiftee from any liability in connection therewith.

Yiftee does not charge an additional fee for your opting in to receive text messages from Merchants; however, **message and data rates may apply** from your mobile carrier. Yiftee does not have any control over these rates, nor any other obligations you may have to your mobile carrier in connection with your text messaging service. By opting in to receive messages from a Merchant, you are accepting any such charges from your mobile carrier. Yiftee does not control how these fees are charged to or collected from you.

As with all Yiftee Services, we reserve the right to terminate the text messaging program, in whole or in part, at any time without notice, and is not responsible for any content you may receive in any text message. The information in any message may be subject to certain time lags and/or delays. Yiftee does not promise that this Service is available across all carriers, and is not liable for delayed or undelivered messages.

To stop receiving text messages from an individual Merchant, text **STOP, STOP ALL, END, QUIT, CANCEL** or **UNSUBSCRIBE** to the number from which you received the last text message from such Merchant. **Please note that opting out of receiving text messages from a Merchant will only unsubscribe you from messages sent by *that* Merchant; other Merchants may still send you messages if you have opted in to receive them, and you must unsubscribe from each such Merchants' text messaging program separately. You agree**

that following a request to unsubscribe from a particular Merchant's texts, you will receive one (1) final message from that Merchant confirming that you have been inactivated with respect to texts from that Merchant.

For more information, text **HELP** for Help or Call: 1-650-564-4438 or contact sms@yiftee.com.
